Important Questions	Answers	Why this Matters
What is the overall deductible?	For network providers \$1,300 person / \$2,600 family For non-network providers \$3,000 person / \$6,000 family The deductible for each benefit level is calculated separately	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, the overall family deductible must be met before the plan begins to pay.
Are there services covered before you meet your deductible?	Yes, the network benefits deductible doesn't apply to preventive care.	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible. See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan?	Yes. For network providers \$2,000 person / \$4,000 family For non-network providers \$4,000 person / \$8,000 family The out-of-pocket limit for each benefit level is calculated separately. The maximum preferred out-of-pocket limit for any one individual within the family is \$7,150.	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, the overall family out-of-pocket limit must be met.
What is not included in the out-of-pocket limit?	Premiums, balance-billed charges, health care this plan doesn't cover, services that exceed an annual day/visit limit, and any co-pays and co-insurance you pay for any non-essential health benefit.	Even though you pay these expenses, they don't count toward the out-of-pocket limit.
Does this plan use a network of providers?	Yes. See PriorityHealth.com or call 1-888-389-6645 for a list of network providers.	This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do I need a referral to see a specialist?	No.	You can see the in-network specialist you choose without a referral.

All co-payment and co-insurance costs shown in this chart are after your deductible has been met, if a deductible applies.
