

## Carson City-Crystal Area Schools Bylaws & Policies

---

### **6320 - PURCHASING**

Each year the State of Michigan informs the school of the legal amount for purchases which require a formal bidding process of a single item.

It is the policy of the Board of Education that the Superintendent adhere to the following:

- A. Seek informal price quotations on purchases in excess of \$5,000.
- B. When the purchase of, and contract for, single items of supplies, materials, or equipment is less than the amount allowed by State statute, but exceeds \$10,000 the Superintendent shall whenever possible, require three (3) competitive price quotations.

Purchases in a single transaction that are in excess of the dollar amount permitted by State statute shall require competitive bids and, whenever possible, have at least three (3) such bids for substantiation of purchase and shall require approval of the Board prior to purchase.

Competitive bids are not required for items purchased through the cooperative bulk purchasing program operated by the Michigan Department of Management and Budget pursuant to M.C.L. 18.1263.

Competitive bids are not required for food purchases, unless food purchased in a single transaction costs \$100,000 or more.

Bids shall be sealed and shall be opened by the Superintendent in the presence of at least one (1) witness. All orders or contracts should be awarded to the lowest responsible bidder, however, consideration can be given to:

- A. the quality of the item(s) to be supplied;
- B. its conformity with specifications;
- C. suitability to the requirements of the District;
- D. delivery terms;
- E. past performance of the vendor.

In addition to the factors above, the Board may consider and provide a preference to bidders which use a Michigan-based business as the primary contractor and/or which use one (1) or more Michigan-based business as subcontractors.

For purposes of this preference a Michigan-based business means a business that would qualify for a Michigan preference for procurement contracts under M.C.L. 18.1268, which requires that the businesses certify that since inception or during the last twelve (12) months it has done one of the following:

- A. have filed a Michigan business tax return showing an allocation of income tax base to Michigan
- B. have filed a Michigan income tax return showing income generated in or attributed to Michigan
- C. withheld Michigan income tax from compensation paid to the bidder's owners and remitted the tax to the Michigan Department of Treasury

This preference shall not apply to any procurement or project using Federal funds, nor shall it be used if it would violate any Federal law or requirements.

The Board reserves the right to reject any and all bids.

Contracts can be awarded by the Superintendent without Board approval for any single item or group of identical items costing less than \$10,000. All other contracts require Board approval prior to purchase.

The Board shall be informed of the terms and conditions of all competitive bids and shall award contracts as a consequence of such bids.

The Superintendent is authorized to purchase all items within budget allocations.

The Board should be advised, for prior approval, of all purchases of equipment, materials, and services when the purchase was not contemplated during the budgeting process.

The Superintendent is authorized to make emergency purchases, without prior approval, of those goods and/or services needed to keep the schools in operation. Such purchases shall be brought to the Board's attention at the next regular meeting.

In order to promote efficiency and economy in the operation of the District, the Board requires that the Superintendent periodically estimate requirements for standard items or classes of items and make quantity purchases on a bid basis to procure the lowest cost consistent with good quality.

Whenever storage facilities or other conditions make it impractical to receive total delivery at any one time, the total quantity to be shipped but with staggered delivery dates, shall be made a part of the bid specifications.

Before the bookkeeper places a purchase order, s/he shall check as to whether the proposed purchase is subject to bid, whether sufficient funds exist in the budget, and whether the material might be available elsewhere in the District. All purchase orders shall be numbered consecutively.

In the interests of economy, fairness, and efficiency in its business dealings, the Board requires that:

- A. items commonly used in the various schools or units thereof, be standardized whenever consistency with educational goals can be maintained;
- B. opportunity be provided to as many responsible suppliers as possible to do business with the School District;

- C. a prompt and courteous reception, insofar as conditions permit, be given to all who call on legitimate business matters;
- D. where the requisitioner has recommended a supplier, the bookkeeper may make alternate suggestions to the requisitioner if, in his/her judgment, better service, delivery, economy, or utility can be achieved by changing the proposed order;
- E. upon the placement of a purchase order, the bookkeeper shall commit the expenditure against a specific line item to guard against the creation of liabilities in excess of appropriations.

The Board may acquire office equipment as defined in law by lease, by installment payments, by entering into lease-purchase agreements, or by lease with an option to purchase, provided the contract sets forth the terms of such a purchase.

All purchases, except for Internal Accounts, shall be by purchase order processed through the Business Office. The Business Office shall be the contracting agent for all financial obligations. The Business Office shall be responsible for encumbering the funds as soon as the purchase order has been issued.

Confirming purchase orders will be honored only for emergencies or when it is impossible or impractical to precede the purchase with a purchase order. Before such a commitment is made, the Business Office shall be contacted for prior approval and for a purchase order number. In all such cases, a purchase order shall be issued as soon as possible after the commitment is made.

Employees are forbidden to use the name of the District, any discounts provided the District, or any other means for associating a personal purchase with the District. They are to make clear to any District supplier from whom they are purchasing an item that it is a personal purchase by the employee and is not associated with the District. Failure to abide by this provision could lead to disciplinary action.

Blanket purchase orders for goods or services are valid only for the time period and amount indicated on the purchase order. Extension of the commitment beyond that time and/or amount shall be confirmed by a new purchase order. Blanket purchase orders must be approved by the Business Office before they are issued.

Purchases of contracted services shall be negotiated either verbally, by a Request for Proposal, or through the bid process, as determined by the Superintendent.

The Board does not authorize any District credit cards.

### **Procurement – Federal Grants**

The Superintendent shall maintain a procurement and contract administration system in accordance with the USDOE requirements (34 CFR 80.36) for the administration and management of Federal grants and federally-funded programs. The District shall maintain a compliance system that requires contractors to perform in accordance with the terms, conditions, and specifications of their contracts or purchase orders. Except as otherwise noted, procurement transactions shall conform to the provisions of this policy and administrative guidelines (AG 6320).

M.C.L. 380.1267, 380.1274 et seq.
