<b>Description</b>	Although several specific plans are being worked on, the Village of Mackinaw City continues to seek more economical and efficient ways of spending for all of its obligations. On such specific future plan is the combining of the Mackinaw City Fire Department and the Mackinaw City Police Department. The idea of a Public Safety Department is not new, nor unique to Northern Michigan. Combining the departments would allow the Police to First Respond to fires and would allow for one director to be in charge of both.
